

CIRCULAR No. 394

NICKEL PLATE ROAD
The New York, Chicago & St. Louis Railroad Co.

GENERAL FREIGHT DEPARTMENT

A MORE EFFICIENT PLAN

FOR THE HANDLING OF

LESS THAN CARLOAD FREIGHT

FROM

CLEVELAND, OHIO

EFFECTIVE JULY 1, 1920

W. A. COLLIE
Superintendent Freight Transportation
Cleveland, Ohio

R. W. MITCHENER
General Superintendent
Cleveland, Ohio

E. KLUEVER
General Freight Agent
Cleveland, Ohio

B. E. MORGAN
Traffic Manager
Cleveland, Ohio

Dist. 249

(4000) B.P.Co.—51617

The information contained in this circular is intended as a guide to shippers in connection with a plan for acceptance and forwarding of less than carload shipments on certain days of each week, termed "Shipping Days" at stations designated; the object:

- 1st— To relieve congestion at receiving stations and economize drayage;
 - (a) By accepting freight for such points so that it will be forwarded the day it is received;
 - (b) By enabling draymen to haul on one day the freight which is drayed on two or three days.
- 2nd—To load cars to their capacity and conserve equipment for the use of the shipping public.
- 3rd—To load cars through to destinations avoiding delay in rehandling at transfer points and reducing the liability of loss and damage incident to rehandling at transfer stations.
- 4th—To handle an increased number of straight destination cars in solid through trains, thereby decreasing intermediate yard switching and conserving motive power.
- 5th—To conserve station warehouses and track facilities at destination by having freight arrive in a less number of cars and enable draymen to reduce the number of trips.
- 6th—Will make consolidated merchandise cars to any point when sufficient tonnage available.

If shipping day specified is a Legal Holiday and freight stations closed, freight will be accepted on preceding working day. Less than carload freight will be received on shipping days only.
